WORKSHOPS

WORKSHOPS

WORKSHOPS

CREATIVE INDUSTRIES

What is the creative industries? What jobs are available? What are the benefits of working in this exciting industry? These are all things we discuss in this workshop. Year 11/10 students can get to know the wide range of careers available to them from Esports commentator to Music producer and the routes into these careers.

FREELANCING

Students can learn about what it means to be freelance or self-employed and how to build a great portfolio. This informative session introduces year 11/10 students to the world of freelance (a career path many in the creative industries choose to pursue) and gets them to start to thinking about how their passions can become a career.

GAMES JAM

A fun and interactive session where students can design and try marketing their own video game. Suitable for year 9, 10, and 11. Students will learn about the gaming industry and what it takes to create their own game.
